NELEMAN

Neleman wines are Spanish organic wines of Valencia with a Dutch heart. With special attention for local authentic grapes, reflecting the soil and region. Each wine has its own personality and you can taste the passion and love its been made with. We allow nature to do its work. Good wine is made in the vineyard.

VINEYARD & TERROIR

The Neleman wines reflect the aromas and flavours of a precious and perfect terroir. The soil is white limestone. It has a surprising whiteness on the surface. Rain absorbs moisture like a sponge. When it dries up, the upper layers form a natural barrier, restricting evaporation. This reserve of moisture contributes to the roots development.

VINIFICATION & AGEING

The Cencibel grapes are harvested when the sugar is at the point of approximately 13 degrees of alcohol in the future. In this way we harvest the grapes at an optimum moment of maturity to make this young wine. The grapes are quickly processed to avoid oxidation, there is a pre-fermentation maceration where the color of the future wine is fixed and a fermentation of about 12 days later.
