

All Day Long Verdejo

NELEMAN

Neleman wines are Spanish organic wines of Valencia with a Dutch heart. With special attention for local authentic grapes, reflecting the soil and region. Each wine has its own personality and you can taste the passion and love its been made with. We allow nature to do its work. Good wine is made in the vineyard.

VINEYARD & TERROIR

The vineyards lay on an altitude of approximately 700 meters above sea level, in the southwest of the province of Valencia. Day temperatures can rise very high, imparting sweetness to the fruit. Nights can be very cold, giving the fruit the bracing acidity needed to produce lively wine. Rainfall is almost non-existent, allowing the vines to grow grapes concentrated in flavour.

GRAPE VARIETY

100% Verdejo

VINIFICATION & AGEING

The Verdejo grapes are being harvested early on in the season to preserve a good acidity and at night to protect from oxidation. The grapes are placed in a cool store for 5 days at -5 °C. It then goes directly under temperature-controlled fermentation in order to extract and preserve the tropical fruit and grass aromas.
