

Just Fucking Good Wine Red

NELEMAN

Neleman wines are Spanish organic wines of Valencia with a Dutch heart. With special attention for local authentic grapes, reflecting the soil and region. Each wine has its own personality and you can taste the passion and love its been made with. We allow nature to do its work. Good wine is made in the vineyard.

VINEYARD & TERROIR

The vineyards are situated in a hilly district set in a mountainous region and cut up by ravines that may be more than 100 m (350 ft) deep. Geologically, most of its rock formations are sedimentary. The principal sedimentary materials are carbonated rocks like limestone, dolomite and calcareous shale. Amongst the secondary rocks there is an abundance of detritics like clays, silts, sands and gravels. In the Caroig massif, the limestone that constitutes it favours the formation of underground aquifers, and these are very important for agriculture.

GRAPE VARIETY

Marselan & Tempranillo

VINIFICATION & AGEING

Marselan is a varietal whose father is Cabernet Sauvignon and mother Garnacha. We are growing it very happily because we find it unites the mediterranean character of Garnacha and the elegance of Cabernet. The wine is made from low yielding vines in small fermentation tanks, then aged in new French oak for over 14 months. Bottled without fining or cold stabilization to keep the wine as pure as possible.
